

DEFEAT OF NEW RAILROAD BILL URGED BY LABOR

Declare it Destructive
of Privileges and
Liberties

APPEAL MADE
TO CONGRESS

WASHINGTON, Feb. 19.—Organized railroad workers and union labor in general holding the re-drafted railroad reorganization bill to be destructive of the employees' constitutional privileges and liberties tonight called on congress to defeat the measure. Representatives of the fifteen railroad unions after an all day conference attended by President Comptroller and Secretary Morrison of the American Federation of Labor made public a memorial to congress embodying this declaration:

"The pending bill deprives citizens employed upon railways of the inviolable right to enjoy gains of their own industry. Returns to capital are fixed upon an arbitrary basis, the rate which the public must pay and wages which labor must receive must accommodate themselves to this basis fixed for capital. This act makes the public and labor subservient to capital. We urge that the bill be defeated in its entirety."

During the conference information was given out that letters of protest against wage provisions of the bill would be sent President Wilson and Director General Hines. Later it was decided to make the first fight in congress and intimations were given that if defeated there the workers then would carry the battle to the white house. The memorial declares that the bill in enacting a principle for basing the financial return of investors the principles of American government. This provision, it holds, would constitute "an abandonment of government for the common good, establishment of government for private interest, special privileges and class benefits."

Attack Arbitration Provisions.
Provisions for arbitration of disputes are attacked because of the manner in which the special arbitration boards would be constituted and because of the way in which they would operate. The arbitration boards might be so composed, the memorial declares, as to eliminate labor from representation. Procedure of these boards as set forth in the bill the memorial states, would destroy all discipline and lead to chaos. While labor representatives were in session, Director General Hines in conference with a committee of leading railroad executives received a pledge of their cooperation in establishing a committee of experts to gather data on the wage problem. The executives expressed a desire that solution of the wage problem be expedited.

Forecasting at least one aspect of the final fight to be made on the re-organization bill in the house, Representative Barkley, Democrat, filed late today a statement of reasons for refusing to join in approving the conference compromise measure which he attacked as conferring "financial favors" on the carriers that would force increased rates aggregating \$1,250,000,000 and add to the cost of living generally.

With Representative Sims, Democrat, who also declined to sign the conference report, Mr. Barkley will lead the floor fight on the bill. Proponents of the measure were confident that the compromise bill will be approved by the house Saturday.

Will Ask for \$600,000,000
In his statement, Mr. Barkley revealed that the conference on railroad legislation expect congress soon to be asked for an appropriation of \$600,000,000 to wind up the affairs of the railroad administration.

Representatives of the railroad labor unions met tonight with friendly members of the house to discuss the compromise bill. Twenty many members of congress received letters and telegrams from union leaders urging government control be continued two years.

The union memorial declares railroad employees expect just treatment and continuation of their "unalienable right to have an equal voice, representation and vote in any tribunal created by law or mutual agreement which is to establish the compensation we are to receive."

"This act denies to the public the benefit of compensation," the memorial says.

Sections creating a railroad labor board are urged to show that the unions are required to non-

PREDICT LEGAL BATTLE ON SALE OF SHIPS

Court Rules Against Sale of Thirty Former Liners By Shipping Board—Government Will Appeal.

Washington, Feb. 19.—Prospects of a legal battle to complicate the controversy over shipping board efforts to dispose of thirty former German passenger liners loomed large today when Associate Justice Bailey in district supreme court granted a temporary injunction against the sale on a taxpayer application filed by William Randolph Hearst. John Barton Payne, chairman of the board, announced he would recommend appeal proceedings and also an effort to require Mr. Hearst to furnish bond against loss if the ships laid idle. He indicated that the government would fight for its legal right to proceed with the sale.

Simultaneously Vice-Chairman Stevens of the board in disagreement with his colleagues over the sale, continued his testimony before the senate committee. Still another difference of opinion was developed at the hearing of J. D. York, a marine engineer of Chicago, contending that the 17 Italian, largest of the fleet, could be reconducted for passenger service only in the yard where she was built in Germany, while R. L. Hague, engineer for the board, said the work could be done in America. Chairman Jones of the committee, announced that the question of formulating recommendations for the senate on this question and also of training legislation that might be deemed necessary could be taken up tomorrow in executive session. C. H. Potter of New York, president of the United States Steamship Operators' association described how government built ships were operated by private companies.

"We get \$350 a month per vessel and one and one-half per cent of the gross freight revenue," he said, "with the shipping board furnishing the freight. These terms are being changed, however. Operators will get only \$200 a vessel hereafter and rustle the freight themselves."

Potter expressed the opinion that the shipping board tonnage was only about thirty per cent efficient, advocating scrapping of much of the wood tonnage.

DEFENSE OPENS IN TRIAL OF I. W. W.

MONTESANO, Wash., Feb. 19.—Defense of I. W. W. charged with the murder of Warren O. Grimm during an armistice day parade at Centralia, Wash., was begun today with the calling of Eugene Barnett, a defendant as a witness.

The state had offered this in an effort to prove Barnett, from the Avalon Hotel, fired the shot which killed Grimm. Barnett testified he was not in the hotel, that he watched the parade from the Roderick Hotel and that he had no gun with him. Similar testimony was offered by Mrs. Marg McAllister, proprietress of the hotel and her husband, J. C. McAllister.

ROCKFORD OFFICIALS ROUND UP REDS

Rockford, Ill., Feb. 19.—Government and local officers rounded up sixteen more alleged members of the Communist Labor party today, all but one of them aliens. Deportation awaits them if investigation by government agents reveals their guilt.

The grand jury has returned new indictments against citizens alleged to be radicals now held, three of whom have pleaded guilty and will be useful as witnesses against their late associates. Clarence S. Darrow and associate counsel will soon argue motion to quash indictments.

LARGE ESTATE LEFT TO "BAT" NELSON

CHICAGO, Feb. 19.—"Bat" Nelson, former light weight champion, was named chief beneficiary of the \$250,000 estate of his father, whose will today was filed for probate. The will leaves \$225,000 to the estate to "Bat" and distributes the residue among his five brothers, Albert, Henry, Charles H., Arthur and Henry Nelson and his sister, Mrs. Ida Maple of Iowa.

It is said most of the estate was the earnings that the former champion collected in the ring, and was given by the fighter to his father to care for.

CHICAGO UNIONS ASK \$1.25 AN HOUR

CHICAGO, Feb. 19.—Thirty-three unions comprising the Chicago Building Trades Council are preparing to demand \$1.25 an hour for their members, instead of the \$1.00 rate adopted last fall, union officials announced today.

The announcement followed close after the declaration of the Associated General Contractors convention yesterday that a building program of six billion dollars during the coming year was being held back by high prices of materials and the increasing cost of labor.

AMERICAN RELEASED

Los Angeles, Calif., Feb. 19.—William Welsh Adams, American mine superintendent reported kidnapped in Zacatecas, Mexico, Feb. 13, has been released, according to messages his wife said tonight she had received from the American consulate in Monterey, Mexico.

ROOT OUTLINES PLATFORM FOR G. O. P. PARTY

Urges Early Ratification of Treaty With
Reservations

MANY REFORMS
PROPOSED

NEW YORK, Feb. 19.—Edith Root outlined at the Republican state convention tonight the platform upon which he believes the party should go to the polls in November. Most striking of his proposals were:

Decentralization of the executive powers which have made the president "more autocratic than any sovereign in the civilized world."

Ratification of the peace treaty with senate amendments "long before the elections."

Reform of the league of nations covenant by a congress of nations at the call of a Republican president, immediately after March 4, 1921, to establish "the rule of public right rather than the rule of mere expediency."

Rigid governmental economy and adoption of an executive budget.

Limitation of the right to strike to a point where it conflicts with self preservation of the community; establishment of a labor tribunal with power to enforce its mandates.

Revision of the system of taxation "which involves the tariff, Americanization and elimination of a lot of Bolsheviki or Bolsheviki sympathizers" from public offices.

Universal military training.

End Dictatorship
"More important than all," Mr. Root said, "is the necessity that we shall restore our republican form of government with the liberty of the individual citizen preserved by limitations upon official power and end the dictatorship which we created to carry on the war. The people conferred upon the president powers broader and more autocratic than were reposed by any sovereign in the world. Our capacity for effort, our fortunes, our liberty of conduct, our lives, were freely placed at the disposal of an executive whose authority had so vast that its limits were imperceptible."

"Peace has come but the war powers of the executive still continue. They should be brought to an end."

"There is a double immediate purpose to be served. One, to restore the habit of freedom. The other is to stop a multitude of interferences ill judged, although meant with the natural course of business."

Refers to Wilson's Appeal

The appeal of President Wilson in October, 1918, for the election of a Democratic congress he declared, was "not merely an injustice to Republican senators and representatives who with splendid loyalty had supported every forward step of the administration," but "it was a demand for continuance of supreme power by the election of a congress which would submit itself to the orders of an executive acting at once as a party leader in politics, and a dictator in government. It was the insistence of American Democracy that recalled the demand for a well-merited peace."

"The president's defiance of the authority of the senate to advise upon the covenant of the league of nations and to give or withhold its consent to the ratification of the treaty containing it," he continued, "was an assertion of right to continue the same autocratic power."

The treaty senators were called upon to consider, Mr. Root declared, "was fatally defective in several respects." It was the duty of the senators, he said, to "test the true meaning of every paragraph and to form their own judgment upon the results which would be produced for America and for civilization. The reservations adopted by the senate to make it a constitutional government as opposed to various forms of Bolshevism advocated by the radicals."

FATHER AND THREE CHILDREN BURNED

PEORIA, Ill., Feb. 19.—Charles O. Williamson and three of his children were burned to death in a fire which early this morning destroyed the Williamson home at a lumber camp near Mossville, a short distance out of Peoria. The children who perished are: Oscar, aged 6; Maybell Eleanor, aged 5; and James, aged 2.

Mrs. Williamson, badly burned, escaped from the building with her ten months' baby, June.

DECLARES SOCIALIST WILL CONTROL U. S. GOVERNMENT

ALBANY, N. Y., Feb. 19.—Morris Hillquit, Socialist leader today predicted control of the United States government would pass peacefully into hands of the Socialist Party when it enrolls the working class. He warned, however, that "it is not impossible the people will be compelled to supplement their political action with a little shooting, if the profiteering class revolts after the majority are ready to introduce 'substantial reforms' by legal constitutional methods."

Testifying before the assembly judiciary committee at the investigation of the five suspended Socialist assemblymen, Mr. Hillquit denied that the Socialist party intended to promote its program by other than "legislative action, parliamentary action and in a peaceful way."

But, while he asserted the party was not plotting bloody revolution to achieve its aims, Mr. Hillquit declared history has shown that when the privileged minority is about to lose its privileges it becomes desperate and tries to destroy reform or lawful revolutionary movements by force.

Mr. Hillquit made his "prophecy" toward the close of a grilling cross-examination by Martin Conboy of committee counsel who asked Mr. Hillquit to say, "I am a Socialist and workers must be prepared to back up their ballots with their bullets."

GOV. LOWDEN MAKES SECOND DAKOTA SPEECH

Compares the Destination of Mexico to the Wealth of the United States.

MITCHELL, S. D., Feb. 19.—Comparing the destination of Mexico to the wealth of the United States, Gov. Frank O. Lowden, minority Republican candidate for president at the March primaries, declared in a speech tonight that self-government would be endangered were it not for strong local and municipal governments.

"Whenever a town permits due and orderly process of government to be interrupted by a mob that town is no longer an asset but a liability," he said.

Mr. Lowden said "multitude that town by a sufficient number and you have a situation which only an army can handle. No self-governing country was ever ruled successfully by force of arms."

"A nation is secure against a foreign foe only when able bodied men are willing to put on their country's uniform. A nation is secure against domestic enemies only when every citizen is willing to become a peace officer in his community."

Governor Lowden spoke at three meetings today. Mrs. Lowden was forced to return to her home because of poor health.

Mr. Lowden will speak in Aberdeen tomorrow afternoon and in Huron tomorrow night.

PRICES FOR BASEBALL SEATS INCREASE

NEW YORK, Feb. 19.—The high cost of living for the baseball fan received another boost today when owners of the New York National and American League baseball clubs announced a new scale of prices.

While the upper grand and lower and upper boxes which sell for \$1.10, \$1.65 and \$2.20 respectively, will remain the same, fans who sit in the lower grand stand will also pay \$1.10 instead of the former .85. The upper stand and no lower will be reserved. Patrons of the bleachers who paid .75 and .55 next season will be charged .55 and .75 the majority of the outfield seats going at the higher figure.

URGE FEB. 22 AS "LOYALTY SUNDAY"

CHICAGO, Feb. 19.—Ministers throughout the state were urged by heads of all Protestant denominations tonight to make Sunday, Washington's Birthday, "Loyalty Sunday." The call came in response to a proclamation by Governor Lowden setting aside the week of February 22-28 as "loyalty week" in Illinois. The proclamation was issued as a result of investigations by the committees of the league.

The board decided to establish congressional headquarters in Washington.

ARMY OFFICER CHARGED WITH THEFT

CHICAGO, Feb. 19.—Captain Charles Cherry, formerly in charge of several hundred government motor trucks stored on the municipal pier, surrendered to federal authorities today to answer charges of stealing and selling parts of the machines. Bond was set at \$2,500.

E. W. Hampton, recently arrested in connection with the theft of magnetos valued at \$100,000 and imputed Captain Cherry, officials say.

NOTED PERUVIAN LEAVES COUNTRY

Santiago, Chile, Wednesday, Feb. 19.—Augusto Berard, Peruvian politician and former candidate for the presidency of Peru, embarked today on a steamer on his way to Bolivia.

Dr. Durand was ordered deported from Peru in July, 1914, by the government in power for his political activities.

WILSON DISPATCHES ANOTHER NOTE ON ADRIATIC QUESTION

Restates Position of U. S. With Degree of
Finality

WASHINGTON, Feb. 19.—(By The Associated Press).—President Wilson today sent to the state department a reply to the Adriatic question. He is understood to have restated the position of the American government with a degree of finality.

Altho the president dictated his communication in less than two hours it probably will not be put on the cables before tomorrow night or Saturday. The original draft as prepared by Mr. Wilson was sent to Acting Secretary Polk for his study as he was the head of the American mission when the Adriatic settlement of December 9 was reached with the consent and approval of the president.

After Mr. Polk has completed his examination and it has been put in the usual diplomatic form the note probably will be returned to the white house for final approval before it is dispatched.

The president is understood to have adhered to the position taken in his note of Feb. 10 in which he informed the allies that if they were to proceed to settlement of the Adriatic question without participation of the American government, a situation might be created where the United States might have to consider whether it could become a party to the treaty of Versailles and the Franco-American pact. While conciliatory, the premier's reply, was argumentative. Mr. Wilson in his answer understood to have met this argument and is believed to have again called attention to the principle of self-determination.

Altho it makes clear that the American government has not changed its position, the president's note is not regarded as the final chapter in the negotiations. The premier in their reply are said to have left the way open for agreement along lines previously accepted by the United States and with receipt of the American note it will be for them to decide whether the ultimatum sent to Jugo-Slavia will stand.

Buenos Aires Paper Comments
BUENOS AIRES, Feb. 19.—A summary of the allied reply to President Wilson's Adriatic note, published by the Rome correspondent of La Nacion discloses President Wilson threatened to withdraw his signature from the British-French-American treaty establishing security for France to which the allies' reply clearly would destroy the "new French policy," for which President Wilson insisted protection. Fundamental points of the reply the correspondents say are:

"The allies answer the accusation of having prepared a conference for the annexation of Fiume to Italy, which presupposes badly faith on Italy's part by saying President Wilson is unable to demonstrate this. The Italian petition for establishment of territorial continuity with Fiume is a very small thing compared with the general principle. The allies observe that the project of President Wilson which comprehends creation of a buffer state has been rejected by the Jugo-Slavs."

The strip of territory necessary to establish the continuity of Fiume with Italy has not sufficient value to justify procrastination in re-establishing peace of Europe. Italy entered the war at least as critical a time as the United States entered. The president in threatening to withdraw his signature from the treaty of Versailles which established security of France in the new French policy for which he insisted protection. He not only destroys the value of his first and most important act of his presidency, he absolutely gives the world an example of a contract in record with this policy can be destroyed lightly."

MURDOCK ADDRESSES NATIONAL FARM BOARD

Movements Which Should Give the Country Gravest Concern Back of Every Basic Commodity Declares the Speaker.

WASHINGTON, Feb. 19.—Back of every basic commodity exist "movements which should give the country gravest concern," Victor Murdock, chairman of the federal trade commission today told the annual conference of the national board of farm organizations.

Explaining to delegates representing more than thirty agricultural bodies the federal trade commission work, Mr. Murdock said it was the economic eye of the government to ascertain facts regarding these movements to which the public might be protected.

The work of the commission has been "almost elementary," he said, adding that the commission was about to embark on the study of "other and graver problems affecting the national business."

The conference revived plans for an international farmers congress. A committee was appointed with instructions to communicate with similar organizations in foreign countries. Other committees were chosen to ascertain and report on the modus and present status of the investigation of the federal trade commission to report on the outlook for importation of foreign fertilizer and to examine into the foreign exchange situation.

C. S. Barrett, president of the National Farmers' Union, who presided as chairman, said that while it would be pleasant to be able to say that all is well with agriculture and that in the far west there is no discontent among the farmer's mind there is no discontent—nothing left to be desired, the facts were that "the farmer is not content or satisfied."

Answers to the questionnaire of the postoffice department, he said, came nearer revealing the truth about agriculture than anything that has received equal publicity in the city press.

"The replies of the farmers," he said, "reveal deep dissatisfaction with the treatment accorded agriculture and resentment at the widespread of prices received by farmers and those paid by consumers: a feeling of insecurity in the ability of farmers to continue to the same extent of production of food and in ability to secure sufficient labor or to hold over farm boys and girls on the farm in competition with the alluring scale of wages offered in industry and commerce outside the farms."

"The farmers, at least the organized farmers, from now on will pool their efforts in exploring what in the past has been forbidden ground. They will employ trained research workers to investigate conditions affecting agriculture. With trained research publicity and legal talent farmers need no longer be ignorant in dealing with marketing, distribution and financing."

SENDS MESSAGE TO FRENCH SENATE
Paris, Feb. 19.—Paul Deschanel, France's new president, in his message to the senate and chamber of deputies this afternoon laid stress upon the necessity of making plain the country's situation to the people and the duty of her own citizens to give in return their full share of economic support to the nation.

"Our first duty is to establish clearly before the country our diplomatic, military, economic and financial situation," he said. Later in referring to the duties of the citizen the president declared:

"The Frenchman who shirks the payment of his share of taxation committee an act analogous to that of a soldier who leaves his trench or flees the battlefield. Referring to the situation in Russia, President Deschanel said:

"The Russian people fought on our side for three years for liberty. May that people soon be master of itself and resume its civilizing mission in the plenitude of its genius."

MUST CHANGE DATE

New York, Feb. 19.—American participation in the Olympic games tennis tournament depends upon the willingness of the Belgian international meet authorities to change the contest dates. FIND DEAD BODY OF RAILROAD DETECTIVE

ST. JOSEPH, Mo., Feb. 19.—Thomas Dixon, a railroad detective was found dead in his room here today, following the discovery of the unconscious body of his housekeeper beneath a second story window, from which she had fallen or been thrown. A revolver was found beside the body. He was 42 years old and a widower.

A postmortem revealed Dixon had been shot under the shoulder. The housekeeper, on reviving, accused a man of shooting her. She was found in her room, she said, was jealous of her. He has not been apprehended.

PROMISED \$20,000 FOR HIS SUPPORT OF NEWBERRY

Offer Made to Osborn's Detroit Campaign Manager

MANY TESTIFY
THURSDAY

GRAND RAPIDS, Mich., Feb. 19.—Whether Milton Osborn, Detroit political leader was "kidding" or "serious" when he told Chase S. Osborn's Detroit campaign manager that the Newberry committee promised him \$20,000 for his support of the junior Michigan senator, was a moot question after today's testimony in the Newberry election conspiracy trial. The Osborn man, Henry A. Montgomery, said he knew Osborn's reputation as a "kicker" but "took it seriously enough" to report it to Mr. Osborn, and here the matter stood. The defense did, however, get Montgomery to emphasize that Osborn told him he never got a dollar.

There was other testimony today indicating that not all the Newberry workers got money for their pains. The grand jury evidence of Louis Burr, Houghton barberman, was read from notes and it related that Paul King complimented Burr on his work and promised he would be reimbursed for time and expense connected with numerous trips about the copper country. Burr added he never saw the money.

A third such bit came from Willard C. Smith of Grand Rapids, who swore that Charles B. Carpenter, a banker defendant, gave him some Newberry buttons and \$10 and told him to "get busy, there is more in sight."

Later Carpenter, learning that Smith had not received "that money," promised that if he would fix up the buttons Smith said he would promote more.

Grand jury testimony by Devitt Brown brought a \$30,000 item to the attention of the jury. He was quoted by Clare Higbee, clerk of the grand jury, as saying that John B. Harris told him that Roger Andrews, Menominee publisher, had received that amount from the Newberry committee for work in the Upper Peninsula. Judge Sessions instructed the jury that this gossip could be used only as affecting Brown's knowledge or belief that money was being used. He told them to disregard it as against Harris and Andrews.

Witnesses came and went so rapidly that the government ran out of testimony and forced an adjournment half an hour ahead of the usual time. Much of this speed was due to the reservation of cross-examination to give defense counsel opportunity to check up grand jury testimony or statements by ten defendants.

These statements, which were rapidly by Higbee, clerk of the grand jury who read from notes he made at the star chamber proceedings.

Outside of this general attack the government centered its afternoon efforts largely on Frank McKay of Grand Rapids. Practically all of the testimony offered against him referred to conduct in the general elections from the headquarters of the county Republican committee of which McKay was secretary. The defense moved that the evidence be stricken out as not applicable to the Newberry committee and Judge Sessions indicated that this might be done later, altho he allowed the evidence when the prosecution said they would connect it later with the Newberry activities.

William Prideaux was chairman of his county, but employed another man to do the work and turned over to him \$125 he received from the Newberry committee.

Glenn Williams received about \$350 and reported to James Davis, a field agent, on expenses of about \$200. He did not itemize his report.

John J. Wood was brought in to the campaign by Terry Corliss, according to his grand jury testimony. He received \$600 and spent practically all of it. Paul Woodworth of Badaga got \$100 expense money from B. F. Emery, but used more than that and on a latter trip Emery gave him about \$800 to balance the account. He said that "newspapermen in his county all got money," according to the testimony.

MIXED MOTIVES

Sheriff Peters of Cook county is insistent that he will continue his policy of public hangings—that is, having executions in such a place that a part of the inmates of the jail can view them. Thus far the requests of individuals and organizations and the threats of certain officials made in the endeavor to stop the hangings have been without avail.
Those who know anything about Cook county conditions are the feeling that the sheriff's action is not based so much on his earnest belief in the benefits of public executions as on factional official affairs.

POPULAR DESCRIPTION CAMPAIGN

The coming national campaign

promises to be the most "popular" known in the history of the big parties. This means that the big and necessary expenses are to be paid for by a larger number of individuals than ever before. Chairman Hays has indicated that no contribution larger than \$1,000 will be received and without doubt there will be thousands of subscriptions running from \$1 to \$10. The Republican party this year is certainly going to be free from the charge of having its campaign expenses paid by any of the big business interests.

EVEN DECLARES SHIPS ARE DEFECTIVE

There has been general admission of the fact that the U. S. failed in its war-time production of aircraft and that most of the ships produced were useless or of inferior type.

And now comes the charge of a French official that most of the ships produced in the U. S. for the French government are not sea-worthy and for that reason have not thus far been put to any good use. If this charge is proven true, the U. S. certainly has much to apologize for and should have a keener sense than ever of its obligation to the allies.

MUNICIPAL UTILITIES NOW UNHAMPERED

The finding of the supreme court whereby municipal utilities are exempted from control by the state commission is one of very wide importance. The decision came as the result of a Spring-

field case wherein the privately owned utility company sought to compel the Springfield municipal plant to file a schedule of costs for comparison with the prices charged consumers.

The Springfield people maintained that the authority over the publicly owned plant was not vested in the utility commission and the supreme court has sustained this position. The finding means that municipalities are now authorized to go into the lighting business or in other forms of utility service without previously making application to the utility commission for a certificate of convenience and necessity. In other words, municipalities may now engage in the lines of utility business without any reference to what effect they thus engaging in business may have upon the privately owned corporations.

It should be stated however that the case will go to the U. S. Supreme Court.

WELL DESERVED PRAISE

Herbert Hoover may not have had the experience which makes him the logical candidate for presidential honors, but there is no denying that he is a broad, able man and that he performed a great service for his country as food administrator during the war time. So the distinguished service medal presented him by the Civic Forum, was well deserved. Charles E. Hughes in making the presentation, did not hesitate to praise Mr. Hoover as a diplomat and statesman.

GIVE THE TEACHERS THEIR DUES

It is natural that the teachers of Jacksonville should be very much interested in the election

tomorrow. On the result of this election depends whether or not the teachers are to receive the salary increases to which they are justly entitled. School operation costs have so increased that without larger funds the board of education has been unable to grant salary increases which the board has recognized as earned and due.

If the people authorize taxes based on 2 per cent instead of 1.3 per cent, the funds will now be available and the board can grant the increases in salaries.

Many Jacksonville teachers have refused positions in other cities at salaries much higher than they are receiving here. They have declined these positions because they prefer to live in Jacksonville and because they have felt that if they were paid increases far in consideration of higher living costs would be granted them. Not only as a matter of fairness to the teachers but also in order to keep up the standard of the schools in Jacksonville, the change in tax rate should be authorized by the people.

SALARY COMPARISON

The following figures are comparisons of the salaries of wage earners of the city of Jacksonville, with the salaries of the school teachers of the city.

The investigators have tried to eliminate possibility of error as far as possible. Other comparisons of this sort have been criticized because they figure the daily wage of a laborer and multiply that by the number of working days in the year. The best authorities agree that the average laborer works two hundred fifty-eight days a year. Certainly a great many Jacksonville laborers work more than that time. This allows the working men fifty-five working days, or nine weeks, off in addition to Sundays.

Common Laborers—\$1030.
High School Teachers—\$1080.
Intermediate Teachers—\$850.
Grades 1-6—\$740.
Average Teacher—\$872.

There is no contention that any of these workers are over-paid but certainly these figures indicate that under the present scale of salaries, the young man deciding on a profession cannot afford to become a teacher. From a financial standpoint, he has much better become a hod carrier or a barber or enter into any other class of labor.

These figures show in a positive way the explanation of why there is a marked shortage of teachers.

Average salary in 1914-15—\$676.
Average salary in 1919-20—\$872.
Per cent increase since 1914—29 per cent.

This may not be the most accurate way of figuring per cent of increase, but it shows in a general way what has been done toward the increase of teachers' salaries in Jacksonville.

FLAVOR

is the result of jealous care at every stage of the milling of "Cainson" Flour.

Only the finest of wheat is selected for "Cainson" Flour. The "Cainson" mills are the equal of any in the world, and experts control, and chemists supervise, every process.

The result is a distinctive richness of flavor in breads and biscuits made of "Cainson" flour—to say nothing of the assurance of purity and quality natural to this careful milling.

If "Cainson" does not please you on the first trial, return the unused portion of the sack and the grocer will give you back your money.

CARROLLTON MAN DIES FROM INJURIES

Anthony Connole, Long Time Resident Was Struck By Automobile.

Carrollton, Ill., Feb. 19.—Anthony Connole, long a resident of this city, died here this morning as the result of injuries sustained last Monday when he was struck by an automobile. It was about 8 o'clock in the evening while Mr. Connole was in the business district, that he was struck by a car driven by Albert Plotger of Greenfield. The coroner's jury did not censure the car driver, as the evidence showed that he was moving with moderate speed when the accident occurred.

Mr. Connole who was a veteran of the Civil War, had served as circuit clerk of Greene county and had been prominent in other ways. He is survived by a wife and a number of adult children all of them well known people.

Mowed His Lawn First Time In Years

Mr. Andrews now boasts for Natski Blood Purifier—says he can mow his lawn now. Mighty interesting letter he wrote about it. Read it over:

"I have suffered with rheumatism for twenty-three years and during that time I doctored in Chicago, also in Mudavia, and in both places I spent a great deal of time as well as money, and received no results.

"During the past four months I have been using Natski Blood Purifier and feel greatly benefited, in fact it is the only medicine or treatment of any kind that I can say has done me any good. I mowed my lawn this summer for the first time in years.

Kornfalfa Hog Feed

is a properly balanced feed. It is made of fine ground corn, ground barley, alfalfa meal, gluten, feed, tankage and molasses. All of these are good clean feeds in themselves. They are combined in just the right proportion. There is knowledge of hog feeding in every sack of Kornfalfa Hog Feed.

By all means buy a self-feeder or make one yourself. It is sensible, practical and efficient. Because we manufacture this feeder in large quantities, we can offer it to you at only \$20.00. F. O. B. Kansas City (the actual cost of materials, making and handling.) It is six feet long, holds about six hundred pounds of feed and will take care of from thirty to forty hogs. Self-feeders of the same capacity made and sold for profit will cost you from \$35.00 to \$50.00.

The old-time method of meal-time feeding makes him ravenously hungry at feeding time. He bolts his food and overeats. His digestion isn't nearly so good as when he eats only a little at a time. When he gets real hungry he stops working for you. The thing he works with is feed and the self-feeder keeps it before him all the time.

Don't fail to use a self-feeder. Either buy one or build one yourself, today. If you want a Kornfalfa Self-Feeder, send us your order.

A Balanced Ration

Assuming you have decided to use a self-feeder, what will you put in it? Corn won't do. It hasn't enough grow stuff. It makes fat mostly. You need a feed that gives stretch to your hogs and at the same time fattens them. You don't need to make him stretch first and put weight on them afterwards. You can do both at the same time with the right kind of feed. You need a balanced ration.

We don't use humus, which is plain earth and has no feeding value, or ground screenings or oat hulls or similar trash in our feed. You won't buy these things in a sack by themselves, and because they have no value to you, we don't use them in making Kornfalfa Hog Feed. The hog cannot utilize them at a profit.

The tremendous success Kornfalfa Hog Feed has made is due to the fact that only good, clean feeds enter into it—the best of everything plus knowledge of hog feeding. Feeders are making a hundred pounds of pork with from 336 to 400 pounds of Kornfalfa Hog Feed.

You need absolutely no other feed with Kornfalfa Hog Feed from weaning time to maturity. It is complete within itself. Just dump it into the self-feeder and let the hogs do the rest. Order from us today.

DEFEAT OF NEW
RAILROAD BILL
URGED BY LABOR

(Continued from Page One.)
Inate men to represent them with in thirty days from passage of the bill, and after the interstate commerce mission has held hearings and promulgated the method of procedure for such nomination, but that no provision is made to require the commission to formulate regulations in sufficient time to permit employees to comply with the act.

In having the committee define subordinate officials who shall come within labor provisions of the act, according to the memorial special consideration being granted to a class of employees compromising less than five per cent of the total on an equal footing with the recognized standard organizations.

Would Destroy Discipline.
Sections establishing a method of procedure for adjudication of labor disputes by groups of not less than 100 employees would destroy all discipline and lead to chaos, the memorial asserts because they would encourage workers to disregard existing agreements.

Failure to designate and treat with the standard recognized organizations representing approximately 95 per cent of all the employees, the protest goes on can be counted to mean nothing less than provisions of this act are primarily based upon a determination to annul existing agreements and destroy organizations which negotiated them. Finally it is said that labor board is given power to prevent any pay increases for railroad employees regardless of what the circumstances may be.

Declaring that increased rates are inevitable under the compromise bill, Mr. Barkley's statement predicted the advance would be "more than twenty five per cent above present rates," which he quoted Director General Hines as estimating would mean "an added burden of between two and three billions of dollars in the cost of living."

In addition to a clear loss of \$700,000,000 from government operation of the roads Mr. Barkley asserted that with loans already made and those possible under the bill, "there will be invested in the railroads more than two billion dollars of the people's money, which they have paid in taxes."

seen in the extraordinary letters of the president to Secretary Lansing by which it appears that honest and independent advice from officers of the president's own selection is an offense and that the exercise of the most ordinary powers of the heads of departments without consulting the president is cause for resentment.

"It is interesting to observe that many citizens willing that the country should assume the startling obligations of Article Ten are opposing the system of military training without which our obligation would be worthless and which intensively applied enabled the United States to turn the scale of war against Germany." Principles of our government, he urged, should be applied to relations between organized labor and the public, "first to assert the control of the whole people of the United States within its field and the whole people of each state within its field over matters essential to the life of the community, to the exclusion of any class control and, second, to exercise that popular control by making and applying such laws and establishing such institutions of government as to secure justice within the law to members of every class and calling."

Social Events

Northminster Missionary Meeting.

The Home and Foreign Missionary societies of the Northminster church met in joint meeting yesterday afternoon in the church parlors. Mrs. Henry Day led the devotional service, after which Miss Elie Martin took charge of the program. The usual study course was pursued.

Past Noble Grand Club.

Met With Miss Carlson.
The Past Noble Grand club of Jacksonville Rebekah Lodge No. 13 met Thursday evening with Miss Es'her Carlson at her home on South East street. There was a large attendance of members. After the business meeting, Miss Frances Alkire entertained the members with two splendid readings. A social hour followed and the hostess served delicious refreshments. The next meeting will be held with Mrs. Lydia Ricks of South East street.

Entertained at Dinner.

Mrs. Martha Crews entertained her children and grandchildren at a six o'clock dinner Wednesday evening in honor of Mr. and Mrs. Ben Chavin who leave on Thursday for Monmouth, Ill., for a few days' visit and will then leave for Denver, Colo., where they will make their home. Mr. Chavin has been employed at McCarty and Rebert's cigar factory and expects to resume that industry in his new home.

Obligations of Christianity Subject at Fortnightly Club.

Mrs. W. E. Collins entertained the Fortnightly club at her home on Kosciusko street yesterday afternoon. Following out the general subject which the club has been discussing for some time, Mrs. Collins gave a paper on "The Social Obligations of Christianity" in which she discussed the place, responsibilities, and obligations of the church in the reconstruction period. Members responded to the roll call with current events. A social hour was enjoyed after the program.

Hospital Aid Society Met.

With Mrs. W. L. Alexander.
An interesting meeting of the Hospital Aid society was held Thursday afternoon with Mrs. W. L. Alexander at the Alexander Apartment, West State street. Thirty members were present and a great deal of work was accomplished. Eleven new members were taken into the society. A number of these were from nearby towns.

It was announced that the Point Aid society had given \$25 toward furnishing the diet kitchen at Passavant hospital. The South Side Circle gave \$5 toward the laundry fund and the Mound Woman's Country club gave \$1.

On Thursday, March 4, the society will hold an all day meeting at the home of Mrs. E. W. Brown. It was decided that each member must earn a dollar before that meeting and must also tell how it was earned.

Century Ladies Hold

February Birthday Party.
The February Birthday Social of Century M. E. church was held at the home of Mrs. Walter C. Rabjohn, on Prospect st., Thursday afternoon. There was a large attendance of members and a number of visitors. After a short business session, Miss Goode of Passavant hospital presided over the subject of the diet kitchen and asked the society to assist in furnishing the same. A hunt was then indulged in and hatches, cherries, hearts and flags were hunted for. Mrs. Clara Hoover won the prize. Then a contest was held with the names of ten presidents to fill in blanks. This caused much merriment and two groups won the first prize. They were Mrs. Chaney, Mrs. Kamm, Mrs. Crabtree, Mrs. Gandy, Mrs. Stice and Mrs. R. Stevenson. A substantial lunch was served by the hostesses who were Mrs. Fred Benson, Mrs. Homer Rowland, Mrs. Harrison, Miss Becker, Miss Merce Jackson, Mrs. Annie Brown, Mrs. Stevenson.

State Street Endeavors Progressive Backward Social.

The C. E. Society of State Street church enjoyed a very pleasant evening in a Progressive Backward social everybody came dressed backward and carried a box or a basket. Cora Cherry is president of the society and Dorothy Farrell chairman of the social committee. The society met at T. M. Tomlinson's residence on Lockwood place where they received sandwiches, nappies, and tooth picks. From there they went to Farrell's residence on West College avenue and loaded up with fruit salad, then they went over to the home of Rev. W. H. Marbach and got some pickles, ham, and homemade cake. William Floeth's on College avenue was the next stop, there they received sandwiches and salad. John Cherry's was the last depot and there they received salad. The society then went to the church parlors and ate the supper which they had collected. After the supper Margaret Tomlinson took charge of the program which consisted of a Backward spelling match, some backward recitations, music by a quartet, a relay clothes pin race, and some games.

JACKSONVILLE HIGH WILL MEET PITTSFIELD

Locals Meet Fast Pike County Aggregation—Are Still in Crisp Condition—Pittsfield Has Not Lost Game.

Jacksonville High will clash with the fast Pittsfield team in David Prince gymnasium this evening.

Pittsfield is the toughest nut the locals have been called upon to crack this season, not excepting the Canton team. The visitors so far have a clean slate and are regarded as contenders for the district tournament.

In the list of victories for the Pike county team are two over Bluffs, which also has a fast bunch this year. Bluffs had not lost a game until she ran into the Pittsfield juggernaut.

Coach Hufford said last night that the team was in about the worst condition of the season for a hard game. The flu has shot the team all to pieces and added to this was the injury to Rams-

dell, the strongest guard the locals have, who is out of the game with a broken arch.

Captain Lucas who has been laid up with the flu for several weeks is out again and in uniform. However, he has not regained his strength and probably will not be able to play. If he plays at all it will only be for a short period.

While local followers are not banking on victory, yet "hope springs eternal in the human breast," and they will be there cheering the men to their greatest efforts.

Jacksonville will go into the game determined to give Pittsfield the best she has. The men will fight every inch of the way and the game promises to be full of action from start to finish.

Coach Hufford had not decided on his probable line-up for the game. With so many men sick it is a problem to put a five on the floor. He will wait until the eleventh hour to see if some of the men show good enough condition to start.

FRANKLIN SPEED BOYS BEAT ILLINOIS SECONDS

Win by Score of 40 to 32—Work of Seymour Brothers Wins For Franklin—Bradley, Burrows and Davis, Star For Illinois.

Franklin Speed Boys won from Illinois College seconds at Franklin Thursday night by a score of 40 to 32.

The game was a fast one through and was anybody's game until the first whistle.

The work of Seymour brothers featured Franklin's play and it was largely thru their work that Franklin won. Between them they scored 34 points for their team.

The best work for Illinois was done by Bradley, Burrows and Davis. Davis played an excellent game at running guard and did fine work both on offense and defense, tossing five baskets.

The Franklin team is one of the best independent aggregations in this section and is open for games with any team. Any team wishing a game can book it by writing Truett Stewart, manager. The score:

Deaths

Goveia.
Mrs. Emma Goveia died suddenly Wednesday evening at her home in Springfield, aged 58 years. She is survived by two daughters, Mrs. William J. Merrick, and Mrs. Charles Contrakon; one son, John J. Goveia all of Springfield.

Waters.
Mrs. Charles Walters, died Wednesday at her home in Murraville. The deceased was born October, 25, 1884, at Greasy Prairie, Illinois. She was married in 1907 to Charles Walters, of Murraville, and has since then resided there. Mrs. Walters was the daughter of Mr. and Mrs. William Story of the Manchester neighborhood. The funeral will be held in the Baptist church Saturday at 11:00 o'clock. Rev. Roy March of White Hall will have charge of the services. Burial will be in the Murraville cemetery.

Long.
Mrs. Lucinda Elizabeth Long died at the family home 805 South Diamond street at 9:15 o'clock Thursday evening.

Deceased was the daughter of Robert and Catharine Rhea Conard and was born in Picketon, O., January 27, 1849, being at the time of death 71 years, one month and 23 days old.

She came to this state with her parents when quite young and was united in marriage to Mr. Long at Meredosia, June 28, 1869. Her husband preceded her in death.

She is survived by the following children: Ida M. Long, Jacksonville; Arthur Long, Coffeyville, Kans.; Burton Long, Jacksonville; R. R. Long, Chapin. She also leaves three brothers and three sisters.

Mrs. Long was a member of the Christian church at Concord. Throughout the long years of her life she was a faithful follower of the Master and when the final summons came she was ready to go.

The funeral will be held from the residence in charge of Dr. Myron L. Pontius with burial in Diamond Grove cemetery. The time will be announced later.

Funerals

Decker.
Funeral services for Ezra Decker were held from the residence, two miles southeast of Orleans at 2 o'clock Thursday afternoon in charge of the Rev. Mr. Reynolds. Music was furnished by Mrs. J. T. Holmes, Clyde Richardson and Mr. Reynolds. Burial was in Antioch cemetery.

Irlam.
The funeral of the late John Irlam was held Thursday at the home of his father, Thomas Irlam, in Woodson precinct. There was an unusually large company of friends gathered for this solemn service. Rev. A. E. Powell, pastor of Woodson Presbyterian church, was in charge of the service, assisted by Dr. George Miller.

Music was furnished by Mrs. Joseph Self, Mrs. Bert Spainhower, William Colton and W. W. Gillham. The many beautiful flowers were cared for by Mrs. Amos McCurley, Miss Mattie Irlam, Misses Leta Clayton, Anne Clayton and Hattie Myers.

Burial was in the nearby cemetery, and the bearers were: Messrs. Harry Cade, Harry Strang, J. H. Fuller, Ira Story, Allen Sturdy and Joseph Self.

Mr. Irlam, who was a comparatively young man, had conducted his life in such a way that he had the good opinion of all the people in his neighborhood. His death therefore brought sorrow to many hearts.

J. G. BERGER BRINGS BACK OVERLANDS
J. G. Berger arrived in the city Tuesday afternoon with a train of mules and Overlands which he brought back from the factory at Toledo. Shortly after the train left Toledo the weather turned cold and made the drive hard all the roads were in excellent shape. Mr. Berger had his trouble trying to keep the cars together on the road and the boys stopped in the towns where they stopped.

K. OF C. DEFEATED ST. JOSEPH ATHLETICS

Springfield Visitors Taken Into Camp by Score of 23 to 8—Game Was Not Characterized by the Usual "Pep", the Visitors Being Outclassed.

The Knights of Columbus basketball five defeated the St. Joseph Athletics of Springfield in Liberty hall Thursday night by a score of 23 to 8.

The game was witnessed by a large crowd but it lacked the usual "pep" of most games in which the Knights of Columbus participate.

It seemed that the local players realized that they had it on their opponents and they did not put up the game they are capable of. Had they displayed the brand of basketball shown against the Franklin Speed Boys the score would have been twice as large.

Friedrich was the star of the Knights on offense, while Rexroat and Clancy starred on defense. The St. Joseph's always have a good baseball team but they are not up to par in basketball. They had Livingston, the famous speed boy from Springfield. Had it not been for his work, the Knights would have scored many more points. The score:

DEMOCRATS WILL MEET IN CAUCUS

Chairmen From Counties of 20th District Will Select Delegates To National Convention.

Democratic chairmen of the various counties in this, the twentieth congressional district, will hold a conference in Jacksonville today at the Pacific hotel. James McNabb of Carrollton, who will represent both Greene and Carroll counties in the conference, came to Jacksonville last night and the other Democratic committee representatives are expected on early trains today.

The purpose of the conference is to choose two delegates and two alternates for the Democratic national convention at San Francisco. The law provides that petitions of candidates for delegates must be filed not more than sixty days and not less than forty days before primary, which falls on April 13. The conference plan of selecting candidates, whose petitions will later be circulated, is deemed the most feasible. While this is the main business to come before the committee, some other matters relating to party welfare will be considered.

Stopped

Quick

"Gets-It" Loosens Them So They Lift Off in A Jiffy.

The corn pains cease as soon as a few drops of "Gets-It" reach the corn. It goes out of the hurting business forever.

For a day or so the corn remains, getting looser and looser and without a twinge from it. Then it gets so loose that you just lift it right off, without even feeling it, and cast it away. That's how easy and simply "Gets-It" disposes of the corn nuisance.

"Gets-It," the unfailing, guaranteed, moneyback corn remover, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago. Sold in Jacksonville and Recommended as the World's Best Corn Remedy by Armstrong's Drug Store.

always welcome

—and welcome for three splendid reasons, especially in these days of soaring costs—because Calumet gives three big positive helps in reduction of living expense.

You save when you buy it—moderate in cost. Leaves you more money with which to buy other things. You save when you use it—has more than the ordinary leavening strength—therefore you use less. You save material it is used with. Never fails.

CALUMET
Baking Powder
"BEST BY TEST"

Makes Most Palatable and Sweetest of Foods

Produced in largest, finest, most sanitary Baking Powder Factory in the World. Contains only such ingredients as have been officially approved by United States Food Authorities. The first choice of millions of housewives for a third of a century.

Order from your dealer. Save 3 ways—and have much better bakings.

Remember when you buy Calumet, you get a full pound, if you want it. 16—not 12 ounces.

The TORO

Way
of
Motorizing
the Farm

TO-RO Cultivator

The TORO is the final achievement in useful, adaptable farm power equipment that makes the motorization of the farm complete. It is two standard machines in one—an efficient two-row cultivator and a dependable tractor. Each operates independently of the other and the dual equipment does the work of from two to four horses.

Readily Changed
from Cultivator to Tractor
from Tractor to Cultivator

Use as a tractor to pull two 10 or 12 inch plows and to prepare ground for seeding and plant seed. Then use as a cultivator until harvest season and change back into a tractor for fall plowing, hauling, belt work, etc. The conversion is as simple as changing a tire on your car.

Call and See It

We will gladly explain its operation in every particular.

MAJOR M'DOUGALL LAID TO REST THURSDAY

Funeral Services Held For Honored War Veteran—Tribute Paid By Rev. M. L. Pontius

Funeral services in memory of the late Major C. E. McDougall were held Thursday morning at the residence on South Main street. There was a large company of friends present, including many veterans of the Civil War.

Major McDougall had been so long an honored resident of the city that it was not surprising that many persons gathered to thus show honor to his memory.

The services were in charge of Rev. M. L. Pontius, pastor of Central Christian church. Mrs. A. R. Gregory sang two appropriate solos and Miss Alice Mathis served as accompanist.

The impressive service of the G. A. R. was carried out with Frank Wigginjost serving as commander and Ezra Scott as chaplain. In the afternoon the body was conveyed to Petersburg where with Masonic honors Major McDougall was laid to rest in Rosedale cemetery.

The bearers, all Civil War Veterans, were Frank Wigginjost, G. R. Taylor, Lycurgus Goheen, R. R. Stevenson, Robert Mawson, S. O. Barr, and Ezra Scott.

On this occasion Rev. Mr. Pontius took as his text "For thou art greatly loved." Daniel 9:23 and said in part:

Death does not destroy life. Death liberates the soul that it may enter into eternal life. Friendship is not destroyed by death. Death does not destroy hope. In the hour of death the star of hope grows brighter to light the way thru the vale of the shadow.

Our beloved dead have entered into another house. Having left the house of clay they enter a house not made with hands, eternal in the heaven. This prostate body before us is the house in which Major McDougall lived for eighty and two years.

These flowers, friends, comrades and relatives suggest the words, "For thou art greatly loved." We have loved Major McDougall because he was a soldier. His erect form, keen eyes, quick step all indicated the military spirit. He fought in the battles of Civil War and his ability and service were early recognized and he became a sergeant, then a First Lieutenant, then a captain, and at the close of the war a Major in the U. S. Army. In days of peace he shouldered the invisible weapons of truth and right and contended bravely for the betterment of humanity.

We have loved Major McDougall because he was citizen of the community. Many a man lives in community and no one knows that he is a citizen. His voice is never heard, his influence is never felt, he is neutral and passive and we never hear of any benefactions or service coming from his life. Not so with our brother. He was vitally interested in every good work in the community and his opinion was often sought by his fellow citizens.

We have loved Major McDougall because he was a man. One of his comrades said, "I love him because of his sterling manhood." As a public official he was conscientious and honorable; as a business man he was honest and as a friend he was kind and generous. To the members of the Matt Star Post G. A. R., who have lost a respected comrade we offer our sympathy; and to the members of this family we bring our profound Christian sympathy. We direct them to the Great Teacher and to his spirit filled word which is the source of all comfort.

EIGHTEEN CARS BURNED IN WHITE HALL FIRE

Al Hudson, Owner, Has Had Lots of Bad Luck Recently—Water Pressure Not Adequate for Fighting Fire.

White Hall, Feb. 19.—The destruction by fire of Al Hudson's garage immediately after 1 o'clock this morning took place so quickly that there was little opportunity for saving the contents, and the only things saved were L. L. Seely's Buick and an Oakland car belonging to a commercial man who left the car here while he made a trip to St. Louis. The flames broke out almost immediately at 1 o'clock, and spread like a flash throughout the structure, which is 70 feet in length and 40 feet in width. The proprietor, Mr. Hudson, and his brother, Ray Hudson, here from Arkansas City, Kansas, were directing three workmen, Lionel Watt, Harold Baldwin and Reese Moors do some work about a car, when a blow-torch was lighted, and immediately the whole place was filled with flames and smoke. In ten minutes the entire structure was enveloped with flames, and efforts were directed toward saving property.

First estimates placed the aggregate loss at \$50,000 or better, but instead of there being 25 to 30 autos consumed there were only eighteen. The losses may be summarized as follows:

List of Cars Burned

J. E. Wyatt, new Buick roadster, \$1,620.
Mrs. Oscar Rutschke, Cadillac, \$2,000.

George Boyd, new five-passenger Buick, \$1,620.

Brisco car owned at Roodhouse, \$1,200.

C. B. Stahl, Dodge roadster, \$1,300.

Paul Shackelford, Buick roadster, \$1,200.

William Huff, five-passenger Buick (new), \$1,620.

Willis Marshall, Ford, \$400.

Ira Painter, five-passenger Buick (new), \$1,620.

Al Hudson, four-cylinder Buick, \$500.

D. G. Smith, Winchester, Buick touring, \$1,100.

Eugene Shackelford, '19 Buick, \$1,200.

Al Hudson, five-passenger Hup, \$750.

Hudson's service car, \$1,200.

Chevrolet and Buick, property of secondhand dealer, \$1,000.

Hudson's five-passenger Moon, \$500.

Hudson's Oakland, \$700.

Loss on building, \$5,000.

Loss on accessories, \$10,000.

J. E. Wyatt, damage to residence and contents, \$1,000.

Mrs. Melissa Walker, damage to residence and contents, \$1,300.

There was further loss in damage to electric and telephone lines.

Carried Small Insurance

Hudson carried \$2,000 insurance on building, but nothing more. His loss on accessories includes a \$3,000 stock of tires and tubes that had been put in the building only a few hours before the fire, and there was also a half carload of cylinder oil.

Among the auto losses insurance is known to have been carried by Mrs. Rutschke and George Boyd.

The losses include four new Buick cars that had been received on last Monday. Mr. Walker has insurance, but Wyatt none.

The garage building was formerly the livery barn of J. E. Wyatt, and it had been converted into a garage by erecting a brick front and laying concrete flooring, leaving the main part of the structure frame, but it was all in good condition. It is located immediately south of Whiteside Park, and the site is considered one of the most favorable along the Mississippi Valley Highway.

It is the general opinion that the site will not long remain vacant.

A series of misfortunes that have come upon Mr. Hudson within three months have wrecked him financially. First was a fire in his Winchester garage that was settled at \$2,200, and this money was paid to the manager of Mr. Hudson there, Charles Grooms. Some weeks ago Grooms disappeared along with this fund and several other amounts that was said to total around \$10,000. No trace of Grooms, who was located at White Hall before going to Winchester, has been found, and last week his wife left Winchester for her former home in Tennessee.

Water Pressure Poor

The favorable weather conditions under which the fire did its work this morning has brought up the short-sightedness of the

voters in voting against improving the local waterworks five years ago, when the proposition was in good shape. The supply in the tank was reduced to very little pressure in thirty minutes after the hose began to play, and had direct pressure been brought into service it would have been found to relieve the situation very little, because of the inadequate size of the mains leading from the pumping station to town, which have not only been outgrown, but which have become more or less filled with mud and sediment that also reduces their original conveying capacity. Jack Coker, a new citizen from the country, is advocating the

purchase of fire fighting apparatus in the form of an adequate engine. He says that every improvement enhances property values, reduces insurance rates and makes everything better.

D. D. Wiseman of Alton was attending to business matters in the city yesterday.

HIGHER SALARIES FOR WHITE HALL TEACHERS

Teachers of Public Schools Given
25 Per Cent Increase in Pay—
Health Situation Improves—
Other News From Greene
County.

White Hall, Feb. 18.—The teachers of the White Hall public schools have been granted an increase of pay amounting to 25 per cent, effective February 1st, and this action of the board of education eases a growing case of unrest in the ranks of the local teachers. The raise uniformly applies to all grade and high school teachers, and the action is receiving most favorable comment from the public.

SNAKE OIL

Positively Relieves Pain in Few
Minutes

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.

A new remedy used internally and externally for coughs, colds, croup, influenza, sore throat, diphtheria and tonsillitis.

This Oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Get it at Armstrong & Armstrong Drug Stores.—Adv.

The local health situation has cleared up so satisfactorily that the daily report on new cases of influenza has been suspended, according to a statement of Miss Roxana Neighbors, assistant in the office of Dr. L. C. French, who had charge of the compilation of these daily reports. There has not been a new case to report for two days, and this led to the decision to suspend reports. The school attendance is again normal. The pneumonia cases of George W. Clouder and Mrs. Jettie Mashburn have taken a turn for the better.

Funeral services conducted by Rev. Alden Johnson were held in the Tabernacle Baptist church at 10 o'clock this morning over the remains of the little son of Mr. and Mrs. Herman Roberts, aged a little over two years, who died at 5:30 p. m. Monday as the result of an attack of influenza about four weeks before its death.

The family resides on Israel street, just north of the Tabernacle Baptist church.

The remains of Mrs. David Scaringen, who died at Wood River as the result of an attack of influenza, were brought to White Hall Tuesday, and were taken immediately to the White Hall cemetery, where a brief committal service was conducted by Elder L. C. Bauer. The family is at Wood River about three years ago. Her age was over 37 years. Her husband is a brother of Mrs. Paul Castleberry of White Hall. Deceased was a native of Bond county. She was the mother of eight children, one married, all residing at Wood River.

The condition of George E. McClay took a rather unfavorable turn Saturday, and he is very poorly.

Funeral services over the remains of Herbert Hudson were held at 3 o'clock today at the home at Midway, Morgan county, and the burial will take place there instead of the original plan of bringing them to White Hall for interment.

Dunn Invading Montgomery Co. Philip R. Dunn departed today for an invasion of Macoupin and Montgomery counties, and with his departure is disclosed well laid plans to induce Dunn to make the race for state senator from the 35th district. S. A. D. Canaday will not be a candidate for re-election. Dunn is a life-long democratic party worker, and if there is such a thing as political justice, it is now time for the other counties to lay off and give the senatorship to Greene county. On this basis Mr. Dunn has been investigating the situation with very satisfactory results so far. When a man of the fitness of Philip R. Dunn offers his services to the public, he will receive most favorable consideration when his worth becomes known, and the fact that he is taking an active interest in the contest will be received as a welcome piece of news.

Baker Has a Big Sale. A \$15,000 public sale of live stock and personal property was conducted by F. E. Baker on his farm on Apple Creek Prairie, southwest of White Hall, Tuesday. One team of mules brought \$700 and another \$620. The offerings included 70 steers, 100 sheep, 60 hogs, 20 mules and 16 horses. Mr. Baker has leased 200 acres to William Shackelford and Lloyd Seely at \$20.00 per year cash rent, and after a sojourn at Excelsior Springs, Mo., Mr. and Mrs. Baker will again locate at Kansas City, where Mr. Baker will be identified with the George T. Hall Commission Co. Mr. Baker is an expert judge of live stock.

BLUFFS PROPERTY CHANGES OWNERSHIP

Harry Geisendorfer Purchases J. E. Likes Building on Main Street — Other Property Changes—Bluffs News Items.

Bluffs, Feb. 17.—Harry Geisendorfer, proprietor of the meat market has purchased the J. E. Likes building on Main street, and will put same in shape and move his market there. The building at present is used as a barber shop with Fred York as proprietor.

Vote for the Community high school Saturday. Property has been busy changing hands the past few days. Owing to the increased demand for houses, renters must buy or keep moving.

Mrs. Emma Little, has purchased the Joe Hilderhand house in the west side. She will hold a public sale at the farm to dispose of her farm implements, stock and etc. and will move into town.

Loren Burbank has purchased the Mrs. N. E. H. Kellem property in the west part. The building is a six room cottage, practically new and a splendid home formerly owned by Clark Taylor. Funeral services were held at the M. E. church in Oshtemo, Monday Feb. 16th at 2 o'clock P. M. for Mrs. Wm. Baird, who died Saturday from an attack of the "flu". Deceased was formerly Miss Tina Hinson and she is survived by her husband and five children.

Ray Frazier, of Pittsfield, spent Saturday and Sunday with Mr. and Mrs. Frank Parker.

ASHLAND WOMAN'S CLUB HELD MEETING

Regular Session Held at M. E. Church Tuesday Afternoon—
Endeavorers Give Pie Social—
Other Items from Ashland.

Ashland, Ill., Feb. 17, 1920.—The Ashland Woman's Club meeting was held at the M. E. church this afternoon. Rev. Hatcher, the local pastor gave a very interesting and timely address, and also sang two solos.

Mrs. Walter Adkins, pleased the audience as usual with a reading, the program was closed with a piano duet by Misses Eula and Glenna Bailey. Refreshments were then served by the hostesses Mrs. D. O. Hill, Mrs. J. W. Andrews and Mrs. George Bailey.

The Endeavorers of the Christian church gave a pie social in the Endeavor room last Friday night. There were about fifty present. A guessing contest and other games were played. The evening was enjoyed by all. The proceeds amounted to eleven dollars.

Mrs. J. T. Shelton, returned home from Woodson, yesterday where she spent several days with her mother, who is ill.

Charles Koontz, is very low at this writing also Mrs. Koontz is now confined to her bed.

Mrs. Martha Walbaum and son Conway, returned home, yesterday from Hot Springs, Arkansas. Miss Grace Bain, nurse at the Springfield hospital is spending a few days at home.

Mr. J. W. Fletcher, of Decatur, was greeting old friends here last week.

Twins, a boy and a girl, were born to Mr. and Mrs. James Bages, at the home of her parents, Mr. and Mrs. L. C. Hewitt.

Why they
Head This Way!

THEY not only come here for Storage Battery satisfaction, but they all go away happy.

Columbia Storage Batteries have a way of making good with a great big plus for good measure. So do we.

That's why we picked Columbia for a winner—and why the Columbia folks picked us.

The Columbia guarantee definitely states that every Columbia Storage Battery (except the S E or thin plate type, which is guaranteed for six months,) is guaranteed to be capable of developing at least 80% of its original capacity for one year. If it falls short of this guarantee you get another battery without "adjustment" payment by you. The battery must make good the guarantee or you get another battery without any payment whatsoever.

A full year of service represents the minimum you can expect from a Columbia. With ordinary attention and care you can insure much longer service.

Let us tell you more about the many features of the Columbia, as well as the new Columbia Service Plan which make possible this remarkable guarantee.

GRIP, INFLUENZA

Family's Wizard Oil a Reliable, Antiseptic Preventive.

During influenza epidemics the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the nose. This treatment sets up a wall of defense against "flu" germs. Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza. Get it from druggists for 30c. If not satisfied, return the bottle and get your money back. Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, sold at druggists. Guaranteed. Adv.

LIKE BEING HIT

BY RATTLE SNAKE

Says That Every Time You Cut or Pick at a Corn You Invite Lockjaw

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all lifts right out with the fingers without one particle of pain.

This freezone is a sticky substance which dries the moment it is applied and just loosens the corn without inflaming or even irritating the surrounding tissue or skin. He says a quarter of an ounce will cost very little at any of the drug stores, but this is sufficient to rid one's feet of every hard or soft corn or callus.

You are positively warned that cutting or picking at a corn is a suicidal habit.

MEREDOSIA RESIDENT
NINETY-SIX YEARS OLD

Mrs. Mary Butcher Has Reached Advanced Years—Influenza Situation Causes Ban on Public Gatherings—Other Meredosia News.

Meredosia, Feb. 16.—George Scott and family left Monday for New Berlin where they will reside on a farm.

Mrs. Emil Brockhouse was a Jacksonville visitor Friday.

Mrs. Mary Butcher celebrated her 94th milestone in life Monday the 16th and is enjoying good health considering her advanced age.

Emil Brockhouse returned Friday from several days stay in Springfield.

Mrs. Sarah Moores left Saturday for Versailles to visit relatives.

Marjorie Hamilton of Naples, spent the week-end with Miss Evelyn Hilderbrand.

Mrs. Texa Summers returned Saturday from Winchester where she was called by the death of her mother-in-law.

Mrs. Fred Grimsley of Muscatine, Iowa, arrived Saturday for a visit with her brother Horace Jones and wife.

Miss Eva Brockhouse of Peculiar, Mo., spent a portion of last week with Mr. and Mrs. J. F. Brockhouse.

J. B. Bowling of Springfield was a visitor here Saturday.

Mrs. J. C. Lewis of Bluffs was a business visitor here Friday.

Miss Gladys Scott returned Friday from Naples where she had been visiting her sister, Mrs. Rudolph Albers.

Rebekah Lodge No. 151 conferred the degree work upon Mr. and Mrs. J. L. McLain, Mrs. Nettie Shannon and son Julian, Miss Mary Butcher and Elza Perry at their regular meeting Thursday evening. Fifty-three members were in attendance and a social was held after the work was over and elegant refreshments were served.

J. P. Baur and son Harry were Quincy visitors Thursday of last week.

Miss Alma Simpson returned Saturday from a week's visit in Jacksonville.

The W. C. T. U. Valentine and pie Social at the High School Auditorium Friday evening was well attended and was a success socially as well as financially. The organization realized about twelve dollars from the proceeds.

Edgar Cline of near Barry arrived here Monday to make preparations for the burial of his brother's wife, Mrs. Ira Cline of near Barry whose death occurred Saturday, the 14th, after a week's illness of pneumonia following the influenza. The maiden name of the deceased was Helen Lella Poffenbarger, daughter of Frank and Lella Poffenbarger. She was born at Jacksonville, July 28, 1892. She was united in marriage to Ira W. Cline, October 8, 1912, who with one daughter, Blanch Ellora, aged seven months, and one brother, Orval Poffenbarger, of Chicago, are left to mourn her departure. The remains arrived here Tuesday morning and short funeral services were held at Oakland cemetery, conducted by Rev. Fred Reed, pastor of the Methodist church.

Last week the river was open at this place and the ferry boat resumed its trips across the river, but at this writing is entirely blocked with floating ice.

Many former friends in this place of Mr. and Mrs. George Weeks, now living in Decatur, have received the announcement of their golden wedding anniversary Tuesday the 17th.

Mrs. Hattie Piper of Griggsville, arrived Monday for a visit with her sister Mrs. Alice Merriss.

H. C. Wegehoft left Monday for a business trip to Chicago.

Mrs. C. H. James visited in Jacksonville Tuesday.

On account of the increase of flu cases at public gatherings, schools, churches and places of amusement have been suspended for ten days. While there are a large number of cases in town none have been reported serious and no pneumonia cases.

Mrs. Minnie Kaiser is visiting her daughter in Bluffs this week.

Valier's Enterprise Flour

MANUFACTURED FROM BEST GRADE OF PURE SELECTED WHEAT

TRADE MARK REGISTERED IN U.S. PATENT OFFICE

VALIER & SPIES MILLING CO.

MARINE, ILL. - ST. LOUIS, MO. - ST. JACOB, ILL.

Yesterday and To-Day

George Washington and the troops he commanded in the Continental Army underwent the hardships of forced marches and bitterly fought campaigns on very limited rations. Often bread was their only food, but that supplied their needs, for good, wholesome, well baked bread contains practically every element essential to vigor and strength.

Its value is just as great to-day, and the bread we bake is better.

To our modern mills goes the credit because of the flour they produce. It admits of better baking than was even dreamed of in the days of the Revolution.

Valier's Enterprise Flour

represents the pinnacle of this modern milling skill. It is ground in clean, airy mills from the finest hard winter wheat grown. Special care is taken to preserve all the extraordinary baking qualities which only such grain can have.

The result is a flour unequalled in quality and rising power. Its slightly greater cost per sack is not an expense, but insurance—it protects you from the waste of failures and is economical in the end. It gives you better bakings and—

Your grocer has Valier's Enterprise Flour. Order a sack to-day.

"Community" is Valier's high-grade popular-priced flour. It has made hosts of friends.
